

# SPARE PARTS

## WHICH WHEEL USE ?

### PNEUMATIC WHEEL\*

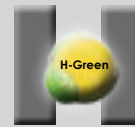

- For a smoother ride during the use.
- Absorbs shocks gets easily through obstacles.

### PUNCTURE PROOF WHEEL

- The comfort of a puncture proof wheel with no chance of puncture !
- Strong and puncture-proof, perfect for rough terrain.

\* All our pneumatic wheels are delivered with an inner tube.

### Our wheels meet the REACH requirements.

REACH is the European regulation on the evaluation, authorisation and restriction of chemicals.

## WHEELBARROWS WITH TABS

DESIGNATION	STANDARD PF 180 with attachment strip	COMFORT PLUS PF 128 with attachment strip	PF 200 with attachment strip	PF 149	PF 125
SPECIFICATION	Pneumatic wheel Ø 380 mm, metal disc rim, axle Ø 14 mm, length 101,5 mm	Pneumatic wheel Ø 400 mm, with ball bearings, metal disc rim, axle Ø 10,5 mm, length 101,5 mm	Puncture proof wheel Ø 400 mm, polypro rim, axle Ø 14 mm, length 101,5 mm	Puncture proof wheel Ø 400 mm, with ball bearings, metal disc rim, axle Ø 14 mm, length 101,5 mm	Puncture-proof wheel, Ø 380 mm, plastic rim, axle Ø 14 mm, length 101.5 mm
