## DUBAI MARINA TOWER

- For rubble removal easy and safe !
- **Reducing dust emissions.**
- **High resistant material** : high quality polypro copolymer that provides strength, lightness and flexibility to the products.
- **Lightweight and easy to handle and to put in place.**
- The reinforced fixing system with safety mechanism is an exclusive Haemmerlin system.
- Maximum working load of the rubbish chutes and hoppers : 300 kg.
- Minimal breaking load of the rubbish chutes and hoppers : 1000 kg/rubbish chute.
- The hopper can be used to intermediate floors.
- UV-resistant and 100 % recyclable.

DESIGNATION	PRODUCT CODE EAN CODE
<b>RUBBISH CHUTE</b>	318101001 3155031810108
<b>HOPPER</b>	318102001 3155031810207
TECHNICAL FEATURES	
Working length	<b>0,9 m</b>
Overall length	1,1 m
Wall thickness	5 - 7,5 mm
Internal diameter up	515 mm
Internal diameter down	380 mm
External diameter	540 mm
Total width	620 mm
Rubbish chute weight	7,9 kg
Hopper weight	8,7 kg

### HOW MANY RUBBISH CHUTES DO I NEED ?

How do I know the number of rubbish chutes I need for my construction site ?

$$\frac{\text{Height to furnish (in m)}}{0,9 \text{ (Working length of a rubbish chute)}} = \text{minimal number of rubbish chutes/hoppers needed*}$$

\* For a standard configuration. The increase in case of bend, intermediate floors... Respect the maximal number of rubbish chutes/hoppers by fixing support. More information, check the technical manual. Technical manual delivered with the material. Also downloadable on : [www.haemmerlin.com](http://www.haemmerlin.com)

## WINDOW FIXING FRAME

## SCAFFOLDING FIXING FRAME

## PLATFORM FIXING FRAME

## FIXING FRAME

DESIGNATION	TECHNICAL FEATURES	PRODUCT CODE - EAN CODE
WINDOW FIXING FRAME	To fix on a window opening, an apron wall, an acroterion. 10 rubbish chutes maximal / window support. For wall thickness between 200 to 400 mm. Is attached with 2 blocking cylinders. Electro-galvanised support.	318103201 - 3155031810306
SCAFFOLDING FIXING FRAME	16 rubbish chutes maximal / scaffolding (up to 40 m). More, check the technical manual. Grey painted support. Delivered without sleeve clamp.	318104501 - 3155031810450
PLATFORM FIXING FRAME	16 rubbish chutes maximal / platform (up to 40 m). More, check the technical manual. Grey painted support.	318103501 - 3155031810351

## CHUTE MODERATOR

## ATTACHMENTS

DESIGNATION	TECHNICAL FEATURES	PRODUCT CODE - EAN CODE
CHUTE MODERATOR	Slows the rubble's fall in order to reduce noise and dust.	318107001 - 3155031810702

## RUBBISH CHUTES KIT

Our rubbish chutes are also available in ready-to-use kits, with different lengths :

DESIGNATION	WORKING LENGTH	OVERALL LENGTH	PRODUCT CODE EAN CODE
KIT OF 8 RUBBISH CHUTES + 1 HOPPER + 1 WINDOW FIXING FRAME	8,30 m	9,90 m	318108201 - 3155031810825
KIT OF 9 RUBBISH CHUTES + 1 HOPPER + 1 WINDOW FIXING FRAME	8,50 m	11,00 m	318108001 - 3155031810801
KIT OF 10 RUBBISH CHUTES + 1 HOPPER + 1 WINDOW FIXING FRAME	10,10 m	12,10 m	318108101 - 3155031810818

## PACKAGING\*\*

Up to 44 rubbish chutes on pallet  
1300 x 1100 x 2650 mm

\*\*bulk loading by full TC 40 HC
