

CONCRETE MIXER BT PRO 170

Use

Professional electric concrete mixer,
for construction works.

Regular use

1 bag
of
25 kg

Per mixing

- 1 Full protection of the rim: reduces the risk of accidents
- 2 Steering wheel high diameter: less effort to provide
- 3 Fork guides
- 4 One-piece machine-welded frame
- 5 Pedal for locking and unlocking of the drum

2 curved double mixing blades machine-welded for an optimal mixing

- 6 Lubricator on drum bearings
- 7 Ball bearings protection cap

Product advantages

- Open motor, thermic protection. Engine cover in composite material. Motor support in galvanised steel.
- Entirely welded drum. Reinforced drum edge.
- Lubricators on drum bearings and pinion axle.
- Solid rubber wheels Ø 250 mm.
- Fork guides. Frame lining on the engine side.
- Minimal maintenance, easy to clean.
- 1 year guarantee. Complies with the current standards and regulations.

Technical data

CONCRETE MIXER BT PRO 170

Motor	Electric mono-phased motor. Supply: 220/240 V, 50 Hz. Power: 0,7 kw. Intensity: 3,7 A. IP 44 Protection. Poly V belt.	Sound intensity level	94 dB.
	Drum	Drum volume: 160 litres. Mixing volume: 135 litres.	Dimensions
Structure		Rim and pinion in cast iron. Rim and pinion protection in composite material.	Weight
			Packaging and codes
